

Epithelial lining	Nephron part
Squamous	Parietal layer of Bowman's Capsule (Simple) Loop of Henle - Thin limbs (Simple) Distal parts - Spongy urethra (Male) (Stratified) Distal part of Female urethra (Stratified)
Cuboidal	Proximal Convoluted Tubules (Simple) Loop of Henle - Thick limbs (Simple) Distal Convoluted Tubules (Simple) Cortical (Beginning of) collecting ducts (Simple) (Principal-light cells) Some layers of the Intermediate region of the urothelium
Columnar	Medullary (Distal of) collecting ducts (Simple) (Principal-light cells) Macula Densa Some layers of the Intermediate region of the urothelium Membranous urethra (Stratified and pseudostratified) Proximal parts of the Spongy Urethra (Male) (Stratified and pseudostratified)
Transitional	Mucosa of the Ureter Mucosa of the Bladder The prostatic Urethra (Male) Initial part of the Female Urethra
Modified	Modified Epithelium (Visceral layer of Bowman's Capsule) - Podocytes Modified Smooth muscle cells (Juxtaglomerular cells)
